

ECM AGILITY FOR HIGHER EDUCATION – HOW NORTH AMERICAN NOTABLE UNIVERSITIES CUT

COSTS AND IMPROVE EFFICIENCY

Denise will share with the audience 2-3 customer case studies of notable North American universities who turned to Laserfiche for combating the inefficiency of paper records, and to securely handle all institutional content while still offering individual departments the flexibility to adapt their work processes to their unique needs. The case study will highlight delivery of ROI for the universities, and the deployment of the Laserfiche ECM system to streamline and securely manage faculty records, grants, contracts, financial records, payroll documentation, etc, for the universities.
